

Desert Survivor

Survival in the Desert Islands

In Desert Survivors you are thrown onto a remote island made entirely of unforgiving desert without any possibilities to escape. Alone and exposed to danger you must do everything in your power to withstand the wild and relentless dangers of the sands by shooting your foes.

Enemies spawn in waves, growing fiercer and more numerous with every round. Your only chance is to fight, adapt, and evolve. Unlock powerful upgrades and master your combat skills.

How long can you survive? Climb the leaderboard and prove that you're the ultimate survivor of the sands.

Game Mechanics

- **Move** your character using the WASD keys
- **Aim** by hovering over enemies with your mouse, and shoot by left-clicking
- **Reload** your weapon anytime by pressing the R key
- **Watch out** for various enemy types – each behaves differently
- **Choose** upgrades after each wave to strengthen your build and adapt your strategy
- **Test** your limits in higher difficulty modes and climb the leaderboard with better scores
